NATURAL ENVIRONMENT RESEARCH COUNCIL

## **5<sup>th</sup> NERC Moorings Workshop**

**National Oceanography Centre, Southampton**

**5<sup>th</sup> / 6th May 2010**

The National Oceanography Centre, Southampton is pleased to host the 5<sup>th</sup> meeting of the UK/ European Moorings Group. This forum has previously been held at SAMS in 2008 and at Oceanology International before that. The meetings bring together a diverse range of people whose common interest is scientific moorings, in order to share experiences, techniques and knowledge.

Through a series of discussions and group meetings, the aims of the workshop include

- Follow up current projects
- Focus on policy and legislation
- Examine common failure modes
- Expand on risk management issues
- Report on current technologies and practices

### **Invitation to participants**

All interested in participating and/or making a presentation are invited to register on the Moorings Workshop webpages at <http://www.noc.soton.ac.uk/ocs/index.php/NERCMW/5th> where further information on the programme and local arrangements can be found. Workshop places will be limited to 35, so early registration is advised. For specific enquiries please contact Paul Provost or Rob McLachlan

Organisers: Dr Paul Provost (pgp@noc.soton.ac.uk)  
Mr Robert McLachlan (rfm1@noc.soton.ac.uk)
